

DIMENSIONS

Dimensions are subject to change. For critical applications, verify all dimensions with factory.

ORDERING

Available in 20 and 26 watt LED. LED technology offers an unprecedented hour lamp life. This fixture is virtually maintenance-free. Engineered for illumination of trucks and trailers while parked at dock for loading and unloading. Also ideal for use as Security Lighting. Designed to replace 100-350 watt quartz fixtures which are commonly used for these dock lighting applications. May be mounted either to existing side mount arms or overhead arm. A 20W/26W LED is comparable to 70-100W HID.
