

## 4. Outdoor

## Parking/Roadway Floodlight

# PRL

### DIMENSIONS

Dimensions are subject to change. For critical applications, verify all dimensions with factory.

### ORDERING

Available in 12", 16" and 22" sizes for High Pressure Sodium 35W-1000W and Metal Halide 50W-1500W and Pulse Start Metal Halide 125W-400W. Ideal for parking areas, roadway lighting, anywhere high efficiency flood lighting is required. For wall or pole top mounting with choice of close pole mount, 6" extended pole mount. Slip fitter mount Silicone gasket to provide a weather tight seal. Aluminum reflectors to provide a Type III distribution in 12" & 16" units. 22" units have Type II distribution. Clear, medium base lamps for high pressure sodium and metal halide are supplied. Optional tamperproof hardware. Available with optional photocell for dawn to dusk applications.

#### HOUSING

Two piece rugged die cast aluminum.

#### ELECTRICAL

Normal Power Factor reactor type for High Pressure Sodium 120V only. Pulse Start Metal Halide dual voltage (120/277V) High Reactance High Power Factor.

#### SHIELDING

One piece high impact tempered clear glass lens is secured in a die cast aluminum doorframe.

#### FINISH

Powder coated in architectural bronze.

#### CERTIFICATION

All units bear UL labels. UL listed for wet and damp locations. Made in U.S.A.
